4.1. Marketing:

- Due to growing purchasing power of population and dynamic development of home appliances market an annual demand for products produced within the project local market only can make: Vacuum cleaners - up to 300 K pcs., Hair dryers - up to 130 K pcs and Electric meat grinders of up to 100 K pcs per year. Drawing up of demand figures has been based on the following factors: quantity of families - 5,4 million, 248,5 K new families created annually, 60 % of families (3,24 million) live in a rural areas, 40 % of families (2,16 million) live in urban areas, annual population growth rate - 2 %.
- Annual volume of production at 100 % production capacity:
 - Vacuum cleaners - 100 K pcs,
 - Hair dryers - 100 K pcs,
 - Electric meat grinders - 100 K pcs.
- Local market of Uzbekistan will be selected as the primary marketing target for the products. At next states efforts will be made to enter the markets of Central Asian countries that are territorially close to production cite, as well as CIS countries. During the first stage of project implementation it is expected that share of exported goods can make up to 25 % from total volume of production. At later stages of project implementation the share of export will be brought up to 50 % from total production volume that will significantly reduce currency convertibility expenses. Uzbekistan is a member of CIS free trade zone, which consists of 12 CIS countries, which mean that products produced in Uzbekistan, can be sold throughout CIS region without import custom duties in countries of destination provided that localization degree of the goods produced in Uzbekistan is enough to obtain Certificate of Origin (ST1).
